

Mario Luis Rivera Meade

Software Developer / Data Analyst

mariomip98@gmail.com · (+52) 821-239-4117

[LinkedIn](#) · [Portfolio](#) · [GitHub](#) · Linares, Nuevo León, Mexico

Skills

Languages: Python, C, C++, C#, SQL, HTML, CSS, JavaScript

Frameworks: Pandas, Selenium, BeautifulSoup

Databases: PostgreSQL, MySQL, SQL Server, SQLite

Technologies / Tools: Bash, Git, Linux, VS Code, Vim

Practices: ETL processes, Object-Oriented Programming (OOP), Unit Testing, Algorithms

Experience

PC and Logistics Analyst / Customer Service

Aptiv · Linares, Nuevo León, Mexico · March 2023 – July 2024

- Developed automation tools using Python scripting, executed complex Excel Macros to process data across files, and participated in ETL workflows for data consolidation of files with hundreds of records.
- Optimized operational processing times by 20% using Selenium and Python for web scraping, improved inventory forecast accuracy, and delivered scalable, actionable reports for cross-functional teams to increase operational efficiency.

Data Management Assistant

Desarrollo de Engordas (DENES) · Montemorelos Highway · July 2022 – January 2023

- Validated, cleaned, and managed operational data using Excel, ensuring data quality and integrity for tracking and control purposes through consistency criteria.

Projects

Built an end-to-end ETL pipeline using Python (Pandas) and SQL to automate raw data processing and consolidation. Performed 360° business analysis (segmentation, logistics, profitability) using advanced SQL window functions. Generated actionable executive reports, optimizing inventory and marketing strategies based on data-driven insights.

Education

Instituto Tecnológico de Linares

Bachelor of Computer Systems Engineering · August 2017 – March 2023

Certificates

Relational Database Certification – freeCodeCamp (2025) · [Link to Certificate](#)

- **Key Projects:** World Cup Database (ETL with Bash), Periodic Table Database (Normalization and design), Salon Appointment Scheduler (SQL/Bash Backend).

Python Certification – freeCodeCamp (2026) · [Link to Certificate](#)

- **Key Projects:** Probability Calculator (Monte Carlo simulations), Arithmetic Formatter, and Budget App.

Languages

Spanish: Native | **English:** Professional Working Proficiency · [Link to Certificate](#)
